

CHIJ CHILDREN'S Day - 5/10/2017

Tattoo Glitter

Children's Day celebrations are always special and meaningful, not only for the girls but for the fortunate few parents helping out. The girls deserve all the fun and play and for us parents to be blessed to be a part in creating that experience for them is priceless!

This year I had the privilege of sharing my (not so artistic) skills with other mummies to tattoo on and glitter the girls up. Our team was marvellous and so organised - everyone was so efficient with their designated tasks and I met many new mummies.

Once the girls started coming in fast and steady, the whole team got their act together effortlessly and the girls left happily with their choice designs. We didn't even notice how fast time was passing before we had to close shop! I'm sure I speak for all of us on the team that we had a wonderful time creating special memories our girls can look back to in the future.♥

Till the next Children's Day celebrations.
Love n blessings to all♥

Haley Ngoi (Mother of Emily Ngoi from P4 Orchid)
