

# *GAME STATION 5 SHOOTING STARS*

I spent an enjoyable afternoon with the girls. It gave me a glimpse of primary school life and also assured me that they were in a great learning environment.

I saw my daughter's face lit up (priceless!) when she spotted me as one of the volunteers. I am glad I was able to brighten her day and am known to her friends as 'Valerie's mummy'.

I also made new friends (P1 and P2 girls) as I guided them during the game, and cheering wildly for them as a team when they scored 3 points (well, even if it was not 3 points)! The perspiration and energy were well worth it, for the experience of being with the girls that afternoon. Salute to the teachers and other dedicated volunteers who had made this session possible.
