

GAME STATION 6 DYNAMITE DRIBBLERS

Kudos to the CPC, for managing the day like a well-oiled machine. Assignments were given out the moment we arrived at our meet-up venue. The equipment was already set up at our assigned stations. As parent volunteers, we were able to jump right into our duties.

Dynamite dribblers saw the Primary 2 girls recognizing the station the moment they entered the Dance Studio. Many were able to deftly dribble the ball to the end of the studio before kicking it into the "Dragon's mouth".

The Primary 1 girls were new to Games' day, and all of them were excited to get in on the action. All the girls, with determined faces, were trying their best to score for their respective houses.

The atmosphere was electrifying!

It was a great volunteering experience as being in school brought me back to my own days in IJ. I look forward to more such events in the coming years.
