

Dads for Life: Telematch

As with most dads, the opportunity to share memories of bonding with our daughters is dearly cherished. It is with this in mind that I would like to share my experience with my daughter Cheyenne, at the 'CHIJ Dads For Life Telematch' held on the 1st of September 2018.

It was in my humble opinion, a well-organized and scripted event, attended by like-minded parents all geared up for what ended up being a morning full of laughter and memories.

The games were simple yet meaningful and the atmosphere very inclusive. Although it was our first involvement at such an event, I can confirm it won't be our last.

My daughter and I would like to thank the team of organisers for their effort in allowing us to build new and lasting memories that we know will last in our hearts and minds.
