

Children's Day 2018 - Games

Toilet Toss

Children's Day is one of the biggest and happiest occasions in IJ! It is a time when us parents also become kids for the day. Led and coordinated by the CPC, the parent volunteers run various game and food stalls for the girls. It's always great to see the laughter and joy on their faces as they engage in play; thoroughly enjoying themselves. Some parents even get into the thick of the action themselves - playing the games; eating ice cream and candy floss!

Helping out on Children's day is a fantastic way to interact with the girls through fun and games. It is also a great way to meet fellow mums and dads. I should add that it was a totally exhausting experience, but for our girls, it was all worth it.
