

Children's Day 2019 – BOUNCY CASTLE

I am always grateful to have this great opportunity to bond with fellow parents and to see the happiness in my daughter ❤️.

We started the day with a slight hiccup as the school lift had broken down. So we couldn't place the bouncy castle in the Gym as planned and had to move it to the Parade Square instead. We were so worried about the possibility of rain!

We had another back-up plan - to move to the sheltered area near the book store. But then we were anxious about whether the space could take the usually large crowd and how hot the bouncy castle could get in that smaller space!

In the end, we decided to use the Parade Square and prayed for good weather 🌈🌈🌈.
How blessed we were with good weather!

It was extremely heartwarming to see the excitement and happiness of the children waiting to bounce their way in the castle!

Thank you for the very hardworking parent volunteers and the Central Parent Council committee members 100 100! It was a wonderful and memorable celebration.
